Notes:

1. Figures refer to students who officially discontinued their studies on academic or other grounds during the academic year concerned
2. The figures in brackets denote the rate of discontinuing study in the specified level of study/mode of study group, which is the ratio of number of students who discontinued their studies to the corresponding student enrolment.
3. Research postgraduate figures include only students who are counted within the formal time limit and funded by UGC.
4. Zero figures represent magnitude of less than 0.5.
5. The figures may not add up to the corresponding totals owing to rounding
6. '-' denotes 'nil'.
