

RESEARCH GRANTS COUNCIL
FACULTY DEVELOPMENT SCHEME
PROVISION OF RESEARCH EXPERIENCE FOR
UNDERGRADUATE STUDENTS

Supplementary Notes for Applicants

Background

With a view to providing research experience for undergraduate students, the RGC has put in place the following arrangements:

- (a) to set aside a total of \$2 million annually within the Faculty Development Scheme (FDS) budget for the provision of monthly allowance to undergraduate students to support their participation in FDS research projects; and
- (b) to allow Principal Investigators (PIs) to include the provision of a monthly allowance of up to \$2,500 to an undergraduate student helper for a maximum period of ten months for each FDS application.

Application Requirements

2. To apply for the allowance for undergraduate students, the PIs are required to provide information such as:

- the projects' objectives and activities;
- the appropriateness of the research projects for undergraduate students involvement;
- the form and nature of each prospective students' involvement in the research projects;
- the process and criteria for selecting the students; and
- the intended impact.

3. Monitoring of the undergraduate students' participation in the research projects is the joint responsibility of the PIs and the related universities. The results of the undergraduate students' participation into the research projects must be also included into the progress report and completion report of the projects.

Assessment Criteria

4. If the demand exceeds the funding allowances available, the evaluation criteria for the requests will be subject to the same criteria as FDS applications, with academic merit being the primary consideration.
